

GALVAMIN 7-01.1

Mini plating unit
V 1/1

08/2002		product description (Subject to technical alterations)		Part #
	Base design	1 – Basket unit (without basket)		005335
		2 – Basket unit (without basket)		005400
	Basket 70 mm long	Bayonet catch	Mesh size 0,2 mm	004308
		Material PP glass-fibre reinforced Ø 60mm (internal)	Mesh size 0,5 mm	004309
			Mesh size 0,8 mm	004310
	Basket 100 mm long	Bayonet catch Material PP glass-fibre reinforced Ø 60mm (internal)	Mesh size 0,2 mm	004311
			Mesh size 0,5 mm	004313
			Mesh size 0,8 mm	004314
			Mesh size 1,2 mm	004315
	Accessories	Clamping device	To fit on the bus bar	
Connection cable with plug and socket		To fit on the battery		080063
Double bayonet		To prevent to lose the parts due to load / unload		006780
Basket lid		To close the basket Material glass-fibre reinforced PP		004927
Battery-powered		Charged fit on – battery, operating time approx. 3 hours		004303
Loader		For battery # 004303		004304
Technical description	Drive motor	Gear motor with speed control, Terminal 6 V DC standard		Included in base design
	Cathode contact	Dangler 6 mm ² with pressed-on bulb-copper	370 mm long (2 basket) 260 mm long (1 basket)	
	Current	25 amps / dangler		
	Load	Up to 0,3 kg / basket (70 mm)		
		Up to 0,5 kg / basket (100 mm)		
	Working temperature	Up to 80°C		
	Unloaden weight	About 0,8 kg (1 – basket unit)		
About 1,3 kg (2 – basket unit)
